The Online Master of Science in Business Analytics (MSBA) from the Albers School of Business and Economics at Seattle University is delivered online, providing flexibility for students to pursue their degree on their own terms.

### Our Curriculum:

#### High-Impact Quantitative Skills

Our curriculum trains you in a set of quantitative tools. The Online MSBA curriculum offers training in the fundamentals of quantitative business analytics, along with courses that build your skills in high-impact quantitative techniques such as forecasting, optimization, regression analysis, and data visualization.

#### Translating Lessons to Practice

With your skills honed, you're ready to apply them in real-world situations. Our curriculum contains a series of Data Translation Challenges designed to prepare you for the practical aspects of your role.

#### Bringing It Together

The Online MSBA program concludes with a capstone project course that integrates the knowledge and skills you've gained throughout the program. This project allows you to work on a practical application of your research and analytics skills, providing valuable experience and contributing to your professional portfolio.

### Applying Your Education

Graduates of the Online MSBA program are well-positioned to enter a variety of roles within analytics departments. Here are just a few of the dynamic, growing roles that an Online MSBA can prepare you for:

- Financial analyst
- Data scientist
- Chief data officer
- Machine learning analyst
- Business intelligence developer
- Artificial intelligence specialist
- Data engineer
- Analytics manager
- Business analysis
- Business analyst

- Access all course content and assignments
- Participate in interactive discussion forums
- Monitor your progress with easy-to-read grade tracking
- View dynamic video recaps of ongoing course content

### Analysis Skills

- 3. Communicate your findings and recommendations via...
Admissions Requirements
Applicants to the Online MSBA program are required to submit the following documents and meet the following minimum admission requirements.

**The GRE/GMAT policy for Albers Business online programs has been modified and now applicants may choose to waive their test scores.**

- **GMAT/GRE Test scores**: Not required! However, if an applicant chooses to submit these scores, the applicant will be reviewed only after the other required application materials are submitted. If an applicant is admitted, the admission decision will be contingent upon the applicant’s completion of the program’s first 12 credits with a minimum GPA of 3.0. Applicants who do not meet this admission criterion will be offered admission on a probationary basis and must successfully complete the program’s first 12 credits with a minimum of 3.0 to continue their studies.
- **GMAT/GRE waiver option**: Please visit the online MSBA program page to learn more.
